Institutional Distinctiveness
Portray the performance of the Institution in one area distinctive to its
priority and thrust

"Creation of participatory interactive, skill developing and knowledge enhancing teaching-learning Environment"

The approach of the institution is always towards overall personality development of the students. As per the mission and vision of the Institution college is committed to create the fearless and interesting teaching-learning atmosphere. For this pure purpose, college always gives emphasis on participatory and interactive methods to develop skills and enhance the knowledge.

College has transparent policy for the admission on merit basis. The students are welcome by the seminar students and the staff followed by Induction training so that they should know the details about course content, course outcomes programme outcomes facilities, their entitlements and responsibilities. Academic calendar of college is prepared and distributed to all the departments so that catering of curriculum could be done in proper manner. The college has adequate in build mechanism to achieve the aim of academic excellence. It is assured that there are sufficient effective teaching days required to complete the syllabus, If required, periods are engaged on Sundays and holidays. Teachers prepare teaching plans at the beginning of the session and are discussed with the students. Follow up is taken in the meetings of heads of the department and the principal regarding coverage of syllabus time to time.

We follows blended method of pedagogy including smart class rooms along with DLP projectors, white boards and chalk boards to keep teaching- learning method interesting and interactive. To create reading habits amongst the students, spacious reading room with sufficient ventilation and cooler in hot summer season is available. Students take advantage of it. Laboratories are constructed as per UGC norms and are well furnished with requisite apparatus, chemicals and equipment's. All the classrooms and library are under the

vigilance of CCTV camera. Wi-Fi facility and INFIBNET facilities provides the e-sources advance knowledge.

Students mentoring and guidance services are provided for the students at the academic, personal and psycho-social levels through teacher guardian scheme. The college has well defined mechanism for continuous assessment of the students. The college maintains a student-centric atmosphere to achieve the desired learning outcomes. Interactive instructional techniques like focused group discussions, viva-voce, projects, assignments, seminars, experiments and power point presentations enrich the teaching–learning experience. Regular evaluation and assessment providing question banks, generation of material for summative examinations are some of the best practices of the college. Along with imparting knowledge, the college also takes holistic and moral development programmer for the students. Faculty takes initiative to learn and keep abreast of the latest developments, to innovate continuously, seek improvement in their work and strive for individual and institutional excellence. There are total 11 classrooms for teaching, out of which 5 classrooms are full equipped with smart interactive boards for teaching. The strong feed-back mechanism for faculty involving self-appraisal, feedback from students and Head of the Institution help faculty members to enhance their professional competency.
