BEST PRACTICE-I
Tree Plantation**

1. Title of the Practice: -
“Tree Plantation”

2. Objectives of the Practice: -

It has been observing by the people that nature has been changing itself very tremendously as we are responsible for this change because of building and constructive more and more cities and town. So, the nature has unbalanced and disturbed that's why the combination of oxygen has ruined. Therefore, now we have to maintain this balance by following the given points:-

- To ensure more plantation of different fruits and other useful plants & trees.
- To enhance the values of plants & environment among the students.

3. The Context

The very noble objective of “Tree Plantation” is to save & protect to the environment by plantation work” with under given points:-

- To rising up the level of the student thinking regarding plantation work.
- To ensure the sincerity of the students regarding the values of trees & plants.
- To inculcate the programme of plantation can change the heart & hobbies of students
- To produce more and more oxygen.
- For the maintenance the cycle of the nature for up-gradation of the environment.

4. The Practice

It is very important to plant more and more trees, herbs and climbers because these are the carriers of rain and cloud. Only the nature has capacity to turn up the balance of nature to produce more and more oxygen, but it is only possible when our surroundings are full of trees and plants. The “Tree Plantation” program under the National Service Scheme (NSS) unit of Vidnyan Mahavidyalaya, Malkapur was held on 12/07/2023 at Late Shiradhon Tal-Malkapur, Dist-Buldhana. Every human being needs oxygen for their life and trees are the major source of oxygen as well as trees help in reducing the level of carbon dioxide. We all know that the whole world is facing the problem of global warming and to come out of such a problem, planting trees has become the most important thing today. The program officer and 10 student volunteers were present on the occasion. For this program, Prof. Rupesh N. Patil and NSS volunteers planted more than 20 plants. The students also placed bricks as barricades and each student took the responsibility of nurturing and maintaining the distributed saplings. On this occasion, the volunteers swept and cleaned the entire village and disposed of the garbage there.

5. Evidence of Success

Our efforts of plantation work provoke the heart of the students and inspired them to go quickly on the path of plantation for the balance of the nature & up-gradation of environment. It is the result of the programme that more than 70% student participated in the programme of the plantation started by college & administration. As soon as possible to 20 plants has been planted by the student in college campus. Now we hoping that after this raining season, these planted trees will provide us feelings of true nature & beauty of the nature.

6. Problems Encountered and Resources Required

Some students were avoid the programme and deny such types of activities, but our learned & scholars faculties convinced them and ultimately they agreed for the plantation work and realized the value and importance of the nature and environment. Not enough, but they also planted more & more plants and take an oath for the protection of the plants for the balance of nature.
