

BEST PRACTICE-II

e-Governance

1. Title of the Practice **“e-Governance”**

2. Objectives of the Practice

- a) To provide facility for students and staff for communication regarding online teaching & learning during Covid-19
- b) To provide facility for college administration.

3. The Context

During Covid-19 pandemic, lockdown was implemented by govt. so there is no offline classes, so to keep all the students connected with the college we have started e-governance system.

4. The Practice

During the Covid-19 situation we have started classwise and groupwise Whatsapp groups of students. The main purpose was to provide information to students regarding to their classes, exam, hall tickets, tests, filling of semester exam forms, Scholarship forms, etc. We have also started special Whatsapp group of staff for smooth administration.

5. Evidence of Success

The administration of college was successful by using e-governance system in Covid-19 pandemic.

6. Problems Encountered and Resources Required

- a) Main difficulty was to inform all students to join Whatsapp groups, because some of the students were not having mobile phones.
- b) Due to rural area some students have mobile network problems.
